

Hemeguard

5 lb. \$150.00

20 lb. \$480.00

Hemeguard - The original leading horse nutritional product designed to prevent bleeding by healing and strengthening the integrity of the capillaries in the lungs. Contains human-grade bioflavonoids plus Vitamin C, K & E chellated trace minerals, B-complex and active probiotics.

The blood capsules can become brittle and leak. Hemeguard strengthens the permeability of the blood capsules. Combined with Equi-No-Bleed has a 90% stop rate of bleeding, as long as no lung or guttural pouch infection is present.

Helps fight mucous,
dust and mold
related problems
encountered while
living indoors.
